

2024-2025 Course Change Policy

According to Board of Education Policy 4710-R, a student's selection of specific courses is subject to those subjects that are available as staffing and class size allow. Changes that have cost implications. Consequently, a student should consult with parents and school counselor. Students are expected to continue following their current schedule

Students requesting schedule changes should access the form located on the District website under parents/students. Students should use the username and password they utilize when accessing the school computers. Students requesting a schedule change must adhere to the following timelines:

No changes, except for additions or correction of errors, will be permitted during the first six (6) school days of a full year course. After this time period, changes will be considered for the remainder of the first quarter.

After the conclusion of the first quarter, any drop will result in a "W" being added to the report card and final transcript.

No changes or drops will be permitted after the Friday of the first week of quarter three.

If a student wishes to pursue a drop it will be strongly recommended that another course be added, if logistically possible and pending course availability.

No changes, except for additions or correction of errors, will be permitted during the first six (6) school days of a full year course. After this time period, changes will be considered for the remainder of the first quarter.
